

I am writing concerning the issue of K-Love and the FM Translator service vs the LPFM service. It is important for me to state to you how important K-Love is to me. This station provides the only Christian radio link in the entire state of Colorado for me. I listen to it every time I turn on the radio. K-Love provides such encouragement and positiveness and in fact is the only reason why I listen to the radio. Please continue to allow K-Love to use its current FM translator. Thank you for your time.
